CIJ Awards Poland. And the winners are...

Posted on November 7, 2010 | [Leave a comment](#)

The ninth edition of CIJ Awards Poland took place at Warsaw's InterContinental Hotel Thursday night. A group of over 200 property professionals from across the country enjoyed fine food, wine, and music, and – last but not least – the awards show itself. Along with the prizes, one of the biggest winners was Warsaw's Orphanage No. 4, for which PLN 20,000 was raised in a charity drive.

The year may have been impacted by the crisis, but it wasn't much in evidence during the awards gala, as the selection of nominated projects proved that you can still build, lease, and sell successfully. We expected even better things for 2011! Meanwhile, a look at last
